Independent Auditors' Report

To the Board of Directors Santa Fe Farmers' Market Institute Santa Fe, NM 87501

We have audited the accompanying financial statements of Santa Fe Farmers' Market Institute (the Institute) (a not-for-profit corporation), which comprise the statement of financial position as of December 31, 2012, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

<u>Opinion</u>

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Institute as of December 31, 2012, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the Institute's 2011 financial statements, and we expressed an unqualified audit opinion on those audited financial statements in our report dated July 17, 2012. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2011 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 2, 2013 on our consideration of the Institute' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Institute's internal control over financial reporting and compliance.

NOTE A-ORGANIZATION AND NATURE OF ACTIVITIES

The Santa Fe Farmers' Market Institute (the Institute) is a non-profit corporation organized under the laws of the State of New Mexico in 2002. The Institute's purpose is to support the Santa Fe Farmers' Market (the Market) by owning and managing a long-term building and site for the Market in Santa Fe's Railyard district (the Railyard); implementing programs to promote agricultural and other land-based traditions in northern New Mexico; and educating consumers about the cultural, nutritional and economic benefits of buying locally produced foods and agricultural products. Support for the Institute comes primarily from individual, corporate, foundation, state and federal grants.

NOTE B-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Presentation

The financial statements of the Institute are prepared on the accrual basis of accounting in conformity with generally accepted accounting principles. In accordance with U.S. generally accepted accounting principles, net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. The net assets of the Institute are classified and reported as follows:

Unrestricted Net Assets

The Institute reports assets whose use is not restricted by donors as unrestricted net assets. Contributions are available for unrestricted use unless specifically restricted by the donor. Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donorimposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulations or law.

Temporarily Restricted Net Assets

Temporarily restricted net assets include gifts, unconditional promises to give, trusts and remainder interests, income and gains which can be expended but for which restrictions have not yet been met. Such restrictions include restrictions where donors have specified the purpose for which the net assets are to be spent, or time limitations imposed by donors or implied by the nature of the gift (capital projects and unconditional promises to give to be paid in the future). Expirations of temporary restrictions on net assets, that is, the donorimposed stipulated purpose has been accomplished and or the stipulated time period has elapsed, are reported as reclassifications between the applicable classes of net assets. Temporarily restricted grants and donations received and spent within the same year are recorded as unrestricted for purposes of the statement of activities.

Permanently Restricted Net Assets

Permanently restricted net assets are contributed with donor restrictions requiring that they be held in perpetuity with investment return available for operations.

Cash and Cash Equivalents

The Institute considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents. The Institute maintains cash deposits in bank checking and savings accounts which at times may exceed federally insured limits. Management has not experienced any losses in these accounts, works to keep cash balances under FDIC limits, and believes it is not exposed to any significant credit risk with respect to the cash balances.

Receivables

Receivables are stated at the amount that management expects to collect. Management provides for probable uncollectible amounts through a provision for bad debt expense and an adjustment to a valuation allowance. Allowances for uncollectible receivables is based on analysis and aging of receivables. Pledges receivable represent amounts pledged by the public during periodic fundraising drives held by the Institute. Grants receivable represent unconditional pledges by corporations, private foundations or other grantors. Government revenue receivables represent amounts collectible under agreements with government entities. Contributions receivable due in future years are reflected at a discount based on the 5-year U.S. Treasury rate per year. This is done to present the receivables at the estimated present value of future cash flows.

Property and Equipment

Purchased property, equipment, and intangible assets are recorded at cost and donations of property and equipment are recorded as support at their estimated fair value at the date of donation. It is the policy of the Institute to capitalize expenditures for property and equipment in excess of \$1,000 when the useful life extends beyond one year. Donations of property, equipment and intangible assets are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Leasehold improvements are depreciated over the life of the lease. Amortization and depreciation is calculated using the straight-line method over the estimated useful lives, as shown below:

| Classification | Depreciable Lives (in years) |
|-----------------------------------|---------------------------------|
| Building | 40 |
| Building Improvements | 10-40 |
| Furniture, Equipment and Software | 3-7 |
| Leasehold Improvements | 3-40 |
| Landscaping | 15 |
| Artwork | Perpetuity |

Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values based on quoted prices in active markets (all Level 1 measurements) in the statement of financial position.

Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

Revenue Recognition

Unrestricted contributions are recognized when cash or ownership of donated assets is unconditionally promised to the Institute. The Institute recognizes gifts of cash and other assets as temporarily restricted if they are received with donor stipulations of purpose or time. The Institute recognizes revenue from governmental agencies as it is earned, generally through qualifying expenditures, and is reported as unrestricted revenue. Government funds received before earned are reported as deferred revenue.

Donated Assets, Materials and Services

The Institute receives in-kind donations of facilities, services and supplies. Contributions of facilities and supplies are recorded at their estimated fair values at the date of donation. Donated services that (a) create or enhance non-financial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would otherwise be purchased by the Institute if not provided by donation, are recorded at their fair values in the period received. A substantial number of unpaid volunteers have made significant contributions of their time that did not meet the criteria for recognition.

Income Taxes

The Institute has received recognition from the Internal Revenue Services that it qualifies as a non-profit organization under Section 501(c)(3) of the Internal Revenue Code. The Institute files required annual federal information returns with the Internal Revenue Service and the New Mexico Attorney General. From time to time the Institute may be subject to tax on unrelated business income, but in the opinion of management such amounts, if any, are immaterial.

Management adopted the provisions of ASC 740-10-25, Accounting for Uncertainty in Income Taxes. Under this provision, an organization must recognize the tax benefit associated with tax taken for tax return purposes when it is more likely than not the position will be sustained. The implementation of ASC 740-10-25 had no impact on the organization's financial statements. The organization does not believe there are any material uncertain tax positions and, accordingly, it did not recognize any liability for unrecognized tax benefits.

Advertising Costs

The Institute follows the policy of charging the costs of advertising to expense as incurred.

<u>Use of Estimates</u>

The preparation of financial statements in conformity with generally accepted accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from those

estimates.

Summary of Fair Value Exposure

Fair Value Measurements defines fair value as the amount that would be received from the sale of an asset or paid for the transfer of a liability in an orderly transaction between market participants, i.e. an exit price.

To estimate an exit price, a three-tier hierarchy is used to prioritize the inputs:

- Level 1: Quoted prices in active markets for identical securities
- Level 2: Other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment spreads, credit risk, valuations obtained from third party pricing services for identical or similar assets, etc.)
- Level 3: Significant unobservable inputs (including the organization's own assumptions in determining the fair value of investments).

The inputs and methodology used for valuing the Institute's financial assets and liabilities are not indicators of the risks associated with those instruments. Fair value is noted for investments and other assets in their respective notes as required.

Functional Allocation of Expenses

The costs of providing the various program services and other activities have been summarized on a functional basis in the statement of financial activities and changes in net assets. Accordingly, certain costs have been allocated among the program and supporting services on the basis of benefits received.

Reclassification

Certain amounts for the year ended December 31, 2011 may have been reclassified for comparative purposes to conform to the presentation used in the December 31, 2012 financial statements.

Prior Year Comparative Totals

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Institute's financial statements for the year ended December 31, 2011, from which the summarized information was derived.

NOTE C-INVESTMENTS

The Institute invests in certificates of deposit, money market funds, governmentbacked bonds, government bonds, and corporate securities.

The carrying values of all of the Institute's investments reasonably approximate fair market value.

The Institute's investments as of December 31, included:

| Investments | | 2012 | 2011 |
|--------------------------|----|--------|---------|
| Certificates of Deposits | \$ | 47,584 | 167,811 |
| Equities | _ | 3,374 | 1,984 |
| | \$ | 50,958 | 169,795 |

With respect to contributed securities, it is the policy of the Institute to sell donated securities as soon as practical.

Certain property and equipment were donated or acquired through restricted funds and are considered temporarily restricted.

NOTE F-COMPENSATED ABSENCES

It is the policy of the Institute to pay accrued vacation upon separation from service. Employees are not paid for accrued sick leave upon termination of their employment. A maximum carryover of 10 vacation days (80 hours) is allowed on an employee's employment anniversary date, unless an exception to the carryover limit is approved by the Board of Directors. At December 31, 2012 and 2011 the estimated compensated absences payable amount was \$12,372 and \$7,150, respectively.

NOTE G-LOAN PAYABLES AND LINE OF CREDIT

During September 2012, the Institute entered into an agreement with a local financial institution for a promissory note with the principal balance of \$457,773, refinancing existing mortgage debt and providing funds for build out. The interest rate is fixed at 5.0%. The loan is payable in monthly installments of \$3,637. The loan is amortized 84 months. The note is secured by leasehold mortgage plus assignment of rents and land lease on 25,311 square foot building located at 1607 Paseo de Peralta in Santa Fem New Mexico.

As of December 31, the Institute note payables were as follows:

NOTE J-SPECIAL EVENTS

Special events consist of auctions, fundraising dinners, and raffles for the purpose of increasing support for the Santa Fe Farmers' Market Institute. Special events are reported on the statement of activities using the net revenue reporting method. Special events recorded the following activity in 2012 and 2011:

| | 2012 | 2011 |
|-----------------------------|------------|----------|
| Special Event Revenue | \$ 110,039 | 91,841 |
| Less: Special Event Expense | _(46,132) | (31,555) |
| Special Event Revenue, net | \$ 63,907 | 60,286 |

NOTE K-EMPLOYEE BENEFIT PLANS

In 2007, the Institute established a 403(b)7-Non-ERISA retirement plan. An employee is eligible who normally works 20 or more hours a week. The plan provides for voluntary contributions on the part of enrolled employees. There is no employer match to the plan.

NOTE L-LEASES

Land Lease Commitment

The Institute signed a lease with Santa Fe Railyard Community Corporation (SFRCC) in November 2005 for lease of the premises where the permanent site for the Santa Fe Farmer's Market is located. The initial lease term was for forty years beginning on the commencement date, with four consecutive ten year renewal options.

Following the commencement date, which occurred in 2008 when SFFMI and the Farmers' Market occupied the building, the annual base rent started at \$29,568 per year with an increase of 2.5 percent annually at the beginning of each calendar year. It is estimated that the Institute will pay approximately \$2 million in rent over the remainder of the initial forty year lease term. The following is the lease commitment for the next five years:

| 2013 | \$ 33,453 |
|------|---------------|
| 2014 | 34,290 |
| 2015 | 35,147 |
| 2016 | 36,026 |
| 2017 | 36,927 |
| | \$ 175,843 |

The Institute had \$32,638 in land lease expense during the calendar year ended December 31, 2012. The Institute had \$31,843 in land lease expense during the calendar year ended December 31, 2011. The Institute also pays SFRCC common area maintenance (CAM) expenditures during each year. CAM expenditures paid by SFFMI during the years ended December 31, 2012 and 2011 were \$3,249 and \$3,226, respectively.

Lease Agreements

The Institute leases space in the Market Building to various tenants. During September 2008, the Institute signed an agreement with the Santa Fe Farmers' Market for forty years, with four consecutive renewal options of ten years each. During June 2012, the Institute signed a second lease agreement with the Santa Fe Farmers' Market to rent a first floor retail space for 3.33 years with one 3-year renewal option. During January 2009, the Institute signed a lease agreement with an organization to rent a portion of its second floor.

The lease agreement commenced on January 1, 2009 and is for five years, with three consecutive renewal terms of 5 years each. During May 2009, the Institute signed a lease agreement with an organization to rent a portion of its first floor space. The lease agreement began October 1, 2009, and is for a period of 10 years, with two options to renew for five years each. During December 2009, the Institute signed an agreement with a local financial institution to allow the financial institution's Automatic Teller Machine (ATM) to be on the Institute's premises. The lease term is for five years, with three five year options.

Rental income for the year ended December 31, 2012 and 2011 was \$261,440.and \$219,972, respectively These amounts include the common area maintenance reimbursements (CAM).

NOTE M-COMMITMENTS AND CONTINGENCIES

Amounts received and expended by the Institute under various governmental award programs are subject to audit by governmental agencies. In the opinion of management, audit adjustments, if any, will not have a significant effect on the financial position of the Institute.

NOTE N-MICRO-LOAN PROGRAM

The Institute collaborates with the Permaculture Credit Union (PCU) in offering

micro-loans to vendors of the Santa Fe Farmers' Market. PCU originates the loans, collects and keeps the repayments of principal and interest of the loans. Under the program, a board committee accepts applications and approves loans for qualified farmers and projects. The Institute is required to maintain funds to collateralize 100% of the loans outstanding. At December 31 2012 and 2011, \$203,188 and \$186,751 in assets were on hand, respectively and the loans outstanding were fully collateralized.

The loans are not held in the Institute's name and are not reflected on the financial statements.

Individual loans range from \$400 to \$10,000 on a case by case basis and one vendor may have up to \$10,000 outstanding. The interest rate is 6% on all loans. Loans outstanding are as follows:

| | _ | 2012 | 2011 |
|----------------------------------|----|---------|---------|
| Balance at beginning of year | \$ | 91,529 | 81,811 |
| Less: Loans written-off | | - | (3,500) |
| Plus: Recoveries | | - | - |
| Net increase (decrease) in loans | | 31,277 | 13,218 |
| Balance at end of year | \$ | 122,806 | 91,529 |

In 2011, a default of \$3,500 occurred by farmers participating in the micro-loan program. The Institute was not aware of any other loans being in default. Management estimates that defaults in the future, if any, will be immaterial to the Institute. In 2012, there was no loan in default.

NOTE O-RELATED PARTIES

A member of the Board is a partner in a company that provided catering services for events hosted by the Institute. The amount paid for the catering services by the Institute during the year ended December 31, 2011 was \$500.

There were no catering services provided by a member of the Board during 2012.

Board members who are working farmers in good standing with the Farmers' Market may qualify for the Santa Fe Farmers' Market Institute's micro-loan program, administered by the Permaculture Credit Union. The following is a summary of board member participation in the micro-loan program during the years ended December 31, 2012 and 2011.

2012 and 2011 Farmer Micro-Loan Board Activity:

As of December 31, 2012, there were two micro-loans outstanding to Institute board members. The \$4,363 loan had a balance of \$3,494 in 2011, while the \$7,999 loan was a repackaged loan, which had a \$4,104 balance in 2011.

NOTE P-EVALUATION OF SUBSEQUENT EVENTS

Subsequent events have been evaluated through May 2, 2013, which is the date the financial statements were available to be issued.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of Santa Fe Farmers' Market Institute Santa Fe, NM 87501

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business type activities, the aggregate discretely presented component units, each major fund, the aggregate remaining fund information of the Santa Fe Farmers' Market Institute, (Institute) as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the Institute's basic financial statements, and have issued our report thereon dated May 2, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Institute's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Institute's internal control. Accordingly, we do not express an opinion on the effectiveness of the Institute's control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Institute's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
